

KROMA® Inkjet Pro Matt

DOUBLE-SIDED BRIGHT WHITE PREMIUM CARTON BOARD WITH COATED PAPER SURFACES
ECO-FRIENDLY RIGID MEDIA FOR INKJET PRINTING | FSC®-CERTIFIED

KROMA® Inkjet Pro Matt is a solid paperboard with matt white, inkjet-treated paper surfaces. The surface layers provide good colour saturation with short drying times, the multi-layer structure gives high stiffness and good flatness.

DESCRIPTION

- Inkjet treated paper top layers with high whiteness
- Matt white, very smooth surfaces
- Excellent flatness & high rigidity
- High bulk
- Thicknesses from 0.5 up to 2.5 mm
- Printable on both sides (0.5 and 1 mm)

APPLICATIONS

- Sign & display
- POS retail promotions
- Indoor signage & hanging signs
- Customized shipping boxes
- Folding carton packaging (0.5 and 1 mm)

PRINTING & CONVERTING

- Inkjet printing
- Lamination with film or vinyl
- Cutting (digital, knife)
- Creasing, grooving
- Validated on HP PageWide XL Pro
- Compatible with high capacity stacker

SUSTAINABILITY

- Made from renewable paper fibres
- FSC® certified
- Fully recyclable
- Easy disposal as waste paper
- Plastic free
